CUSH Congregation Spotlight: Grace Lutheran Church's Mural

Created through the vision of Milwaukee mural artist Tia Richardson and funded by donations from the Green New Deal Network and Working Families Party, the new mural that graces the front of Grace Lutheran Church is truly something wonderful to behold.

Community members were invited to take part in the painting. This beautiful work of art is a testament to what collaboration looks like and what is possible in our community. Thank you to Pastor Barker, Tia Richardson, and to the Grace Lutheran family for providing community space for all.
